

WANT FAST WEIGHT LOSS?

How about two weeks? Yes, it may be possible, and provide new hope for dieters, says newly released research.^{Δ†}

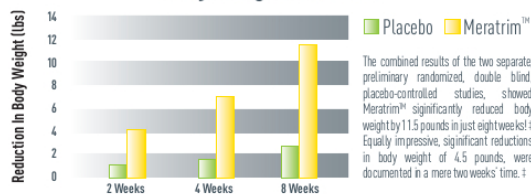

We are proud to announce the publication of two independent clinical research studies on the exclusive MeraTrim® Platinum+ diet pill, where impressive new research, appearing in the peer-reviewed scientific journals *Obesity* and *Journal of Medicinal Food*, reveals significant weight loss in only two short weeks!^Δ

That's right! Two randomized, double-blind, placebo-controlled studies—the "gold standard" of clinical research—**demonstrated combined results in 100 male and female participants of a significant reduction in weight, waist and hip circumference**, and a host of reported health benefits as well as an increase in quality of life parameters compared to the placebo... **all in as little as 14 days.**^{Δ†}

Start today, and although results may vary, you could experience similar results to those test subjects in the most recent clinical studies, such as:^Δ

- **After two weeks:**
 - up to 4.5 pounds of weight loss*
 - up to 1.6 inches off the waist*
 - up to 1.0 inch off the hips*
- **After eight weeks:**
 - up to 11.5 pounds of weight loss*
 - up to 4.7 inches off the waist*
 - up to 2.4 inches off the hips*
