Directions: Take daily with food as indicated, or as professionally directed. Can be mixed into cool drinks or sprinkled onto food.

3 - 8 years - 1 level teaspoon (approx. 5g)
9 + years - 2 level teaspoons (approx. 10g)

This product should not be used as a substitute for a varied diet and healthy lifestyle. Do not exceed the stated recommended daily intake. Do not purchase if the seal is broken. Keep out of reach of children. If you are under medical supervision, please consult a doctor before use. Long term intake of amounts greater than 10mg vitamin B6 daily may lead to mild tingling and numbness. Excessive consumption may produce laxative effects. Store in a cool, dry place. For best before and batch, see base.

Vegetarian & vegan

Vitamin D is needed for normal growth and development of bone in children, and contributes to normal function of the immune system. Iodine contributes to normal growth of children.
