THE EAST FORK DIFFERENCE

Our craft cannabis is grown under the Oregon sun using regenerative methods, and hand-harvested by our fairly-paid team. We give back to our local communities and support nonprofits working on social justice, equity, and sustainability.

CANNABIS + CHOCOLATE

Chocolate contains anandamide, the "bliss molecule" which mimics the euphoric effects of cannabis. Our 70% dark chocolate's healthy fat content helps your body absorb cannabis for a fast-acting, full-spectrum experience.
