

Need a boost of energy? More energy is created from burning fat in your body than any other source. ENP's Carnisol Energy contains L-Carnitine and CoQ10. L-Carnitine shuttles body fat to the cell to be burned as energy; while CoQ10 is an important part of the metabolic process that creates ATP (adenosine triphosphate), the body's universal form of energy. You will notice the difference!!

Directions: As a dietary supplement take 1-3 capsules daily as needed.

Contains no artificial color or sweeteners.

**Contains no milk, egg, fish,
Crustacean shellfish, tree nuts,
wheat or peanuts.**
