EPIQ™ SHRED – Non-Stimulant Weight Loss

Powered by a scientifically studied dose of green coffee, new EPIQ™ SHRED helps you lose weight without the over-stimulation, jitters, or after-crash you can get with other stimulant-based weight loss products. And unlike other formulas that make you take up to three capsules a serving (loaded with filler), EPIQ™ SHRED delivers hardcore weight loss results in just one convenient pill.▲

What Makes the Formula EPIQ™?

- Ultra-clean formula delivered in a 1-pill dose.
- ¹ In one study, subjects taking the primary ingredient (green coffee extract) in EPIQ™ SHRED for 60 days lost, on average, 10.95 lbs. versus the placebo group, which lost an average of 5.40 lbs. Both groups followed a low-calorie diet. In a separate 8-week study, subjects using the same key ingredient lost an average of 3.7 lbs. versus subjects using a placebo, who lost an average of 1.25 lbs. Both groups followed a calorie-reduced diet and performed moderate exercise.▲
- The formula also contains the ingredients saffron, white kidney bean, raspberry ketones, and L-carnitine.
- ² Contains Vitamin B complex for metabolic energy support.▲
