

DIRECTIONS: Take one capsule daily, or as directed by your healthcare practitioner.

Consult your healthcare practitioner prior to use. Individuals taking medication should discuss potential interactions with their healthcare practitioner. Do not use if tamper seal is damaged.

Vital Joint Series Defend is a cutting-edge option for those in need of joint support related to excess body fat. Exciting, new research shows that fat cells send messages (via leptin and other signaling molecules) to joint tissue cells. These messages can trigger a cascade of events that damage the health and integrity of joints. Vital Joint Series Defend works by changing the "communication" between these cells, resulting in a more naturally healthy joint environment that can help you stay comfortable and be active.*
