

Support a Healthy Inflammation Response*

ReCODE Type 1 provides enzymes, herbs, and nutrients that promote optimal cognition and memory and a healthy response to inflammation.*

Key Ingredients

Turmeric Extract – A patented, clinically studied and optimized Turmeric in Phytosome® form, to support a healthy inflammatory response*

Protease Enzymes – Break down proteins that may undermine tissue health*

Boswellia – Also known as Indian Frankincense, Boswellia has been used for centuries in Ayurveda to quiet inflammation throughout the body*

Dr. Bredeesen Formulated

Curcumin and curcuminoids are active constituents of the turmeric root and they give turmeric its yellow color. They also work well along with enzymes and other herbs to help modulate the inflammation response of the body, and promote healthy memory and cognition.*
