The Pursuit of Physical Perfection

GNC Introduces the GNC GenetixHD® Elite Physique Vitapak® Program, the most cutting-edge combination of advanced body-sculpting tactics that leverage 8 clinically studied blends and a lean muscle-defining fitness plan designed to help you achieve the ultimate ripped, chiseled physique you've been striving for!^{*}

This breakthrough program targets more than 12 metabolic and biochemical pathways to fuel fat metabolism, triple the body's calorie burning,^{*} support targeted nutrient optimization, amplify strength and exercise performance for intense muscle-defining workouts,[†] promote lean muscle tone and superior body composition[‡] & fuel lean muscle recovery while supporting joint health and cell rejuvenation.^{*}

Elite Physique Vitapak® Works

Clinically Studied Multivitamin[‡]: Provides critical nutrients needed to fill the nutritional gaps created by intense exercise & dieting plus support the proper metabolism of protein, carbohydrates & fat.^{*}

Meta-Ignite™: The ultimate thermogenic amplifier clinically shown to increase calorie burning by 300%^{*} & ignite 3-phase calorie burning before, during & after exercise!^{*} This next-generation formula is engineered to simultaneously fuel fat metabolism, drive mental intensity, plus open up blood vessels for maximal nutrient delivery & performance.^{*}

Nutrient Optimization: Clinically studied Phase 2 Carb Controller™ designed to reduce the caloric impact of carbohydrates for advanced nutrient optimization.^{*}

CLA: A naturally occurring fatty acid that fuels energy & fat metabolism and supports lean muscle tone.^{*}

Creatine 189 Strength & Performance Support: Proprietary creatine formula clinically shown to result in 189% more efficient uptake into muscles[‡] allowing you to increase strength while taking only 25% of the dose of ordinary creatine.[†] The system is designed to help you increase strength and physical performance even while dieting.^{*}

Muscle Recovery & Joint Support: Provides zinc aspartate featuring minerals involved in carbohydrate metabolism, glucose utilization & insulin sensitivity.^{*} Sicilian blood orange complex for clinically studied antioxidant defense to fuel recovery from intense exercise and hyaluronic acid to support joint cushioning & cell rejuvenation.^{*}

The key to GNX Science™ is its multi-pronged genomic approach to leveraging every last ounce of your true potential. It targets multiple metabolic pathways from every direction for unparalleled results.
