Instantly Supercharge Your Supplements
GNC Accelerator Series™ is a completely new approach to customizing your supplement regimen. Simply add to any of the powder products you are currently using and amplify your results. Each premium formula is equipped with advanced micro-peptide complexes to facilitate absorption and nutrient delivery plus accelerator blends selected to supercharge results and powerful antioxidants to protect against muscle cell damage that result from intense training.* Combine GNC Accelerator Creatine to enhance performance and increase strength. Fully customize your recipe to best meet your specific goals.

*Product was tested for over 145 banned substances on the 2013 World Anti-Doping Agency (WADA) Prohibited List via HFL skip lot testing protocol #ICP0307. See gnc.com for more information.

*This product is not intended to be stacked with other creatine-containing supplements.
