PROTEIN
Supplement

4x MUSCLE-
BUILDING
POWER**

SERVING SUGGESTION

[^]In a randomized, double-blind, cross-over clinical trial with 20 athletic, healthy male subjects, those taking this whey protein isolate (WPI) and leucine blend immediately post-workout showed significant increases in plasma insulin. Those taking the WPI and leucine blend showed 4x more insulin in 30 minutes post-workout compared to a placebo.
