

All women experience hormone decline due to aging. That natural decline is accelerated by exposure to environmental contaminants and hormone treated foods (endocrine disruptors). Here are some of the signs:

- Weight gain around hips and waist
- Poor skin, hair, or nails
- Moodiness
- Mental foggiess
- Poor sleep
- Worsening PMS
- Hot flashes (if at that stage)

Look and feel young again. Address hormone imbalance at its source with ASENSIA™

- Shown in a major university study to safely improve progesterone levels, overcoming "estrogen dominance"
- Natural, contains no hormones. Supports a woman's body to produce its own hormones toward a more Youthful Hormone Balance
- Most women see and feel noticeable results within 30 days when taken daily

Recommended Use: Take a total of 3 capsules daily. If possible, it is best to spread the dosage out throughout the day.

WARNING: For adults only. For those with any preexisting medical conditions, please consult a doctor before use. Keep out of reach of children. Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children. In case of accidental overdose, call a doctor or poison control center immediately. Keep bottle tightly closed in a cool, dry place. Do not use if tamper-evident seal on bottle is missing or broken.

CAUTION: For women using birth control pills, please consult with your physician before using. This formula increases your natural production of progesterone.
