SUGGESTED DIRECTIONS AND USE

As a dietary supplement for adults, begin use with one serving (one scoop) mixed with approximately 6 ounces of water.* Best when used on an empty stomach approximately 15 to 30 minutes prior to training.* Assess tolerance before increasing dose to two servings (two scoops).* Do not exceed four scoops at one sitting or in a 24 hour period.* On **non-training days**, take one to two servings with 6 ounces of water per scoop.* To avoid sleeplessness do not take within 4 hours of bedtime.*

WARNING: Do not exceed recommended dose. Not intended for use by persons under the age of 18, or those with a medical condition. Do not use if pregnant, lactating, or contemplating becoming pregnant. Consult a physician before use. Do not use if you have high blood pressure, heart problems, or have been diagnosed with kidney disease or if you are taking an MAO inhibitor or any other medication. This product contains caffeine. Avoid additional consumption of caffeine, which may intensify adverse effects. Athletes who engage in intense, regular exercise should consume at least 120 oz of water per day. Please consult your physician before using this product. Do not use if tamper resistant seal is broken. **STORE IN A COOL DRY PLACE. AVOID DIRECT SUNLIGHT. KEEP OUT OF REACH OF CHILDREN.**
