

Directions for use:

Twist or snip end of capsule and squeeze contents directly into mouth or blend with non-heated foods or liquids for consumption. Start with the contents of 1 capsule daily. After 2 weeks, increase serving to contents of 1 capsule twice daily. Continue to increase servings in 2-week increments until reaching a possible serving of the contents of 2 capsules 3 times daily.

Toddlers and smaller children may see the most benefits with the contents of 2 capsules once or twice daily. Older and larger children may see the most benefits with the contents of 2 capsules twice or 3 times daily.
