EPIQ™ MUSCLE STACK - Ultimate Lean Muscle Hardening System
EPIQ™ MUSCLE STACK is a powerful 60-day system that combines two potent products, EPIQ™ TEST and EPIQ™ HARDENING. EPIQ™ TEST helps push your body's environment into a superior anabolic mode by naturally increasing testosterone levels without causing negative androgenic or estrogen-related effects. By adding EPIQ™ HARDENING into the equation, it supports the process of training for rock-hard muscles through improvement of the body's nitric oxide status. This formula also provides anti-catabolic effects by decreasing cortisol levels.

EPIQ™ 60-DAY DOSING PROTOCOL
