

Health Ranger Select Electrolyte Drops provide catalyst elements and crystalline compounds such as magnesium, sodium, and potassium chloride in a pure, unadulterated formula. Our drops are sourced from Utah's Great Salt Lake and solar-distilled without the use of chemicals, brines, or artificial sunlight. We never add sweeteners, flavors, dyes, or preservatives, so you'll get just the pure electrolytes your body craves in a balanced formula that fuels your body's biochemistry.

Suggested Use:

Use approx. 1/2 tsp per 32 oz (1 liter) of water. Add the electrolytes to your juice, soup, post-workout smoothie, or bottled water. You'll get a pure shot of the electrolytes your body needs – and balance your body's mineral stores and hydration system at the same time.

HEALTH RANGER SELECT ELECTROLYTE DROPS

Supplement Facts

96 servings per container
Serving size 2.46ml (1/2 tsp)

	Amount per serving	% DV*
Magnesium	46mg	11%
Chloride	440mg	19%
Sodium	137mg	6%
Potassium	129mg	3%

*The % Daily Value (DV) tells you how much a nutrient in a serving of food contributes to a daily diet. 2,000 calories a day is used for general nutrition advice.
