

All Health Ranger Select mushrooms are meticulously sourced for purity and potency. Every batch is scrutinized with atomic spectroscopy laboratory testing for lead, cadmium, arsenic and mercury which are often contaminants in lower-grade mushrooms. Our limits are the most stringent in the industry, resulting in the cleanest functional mushrooms available on planet Earth.

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

Manufactured in a facility which may contain nuts (peanuts, tree nuts).
