

InsuPlus is a nutritional supplement with scientifically tested ingredients designed to support healthy insulin function. Developed through the ExpresSyn® Process, Insinase provides selective kinase response modulators (SKRMs) in the forms of RIAA and *Acacia nilotica*. Kinases play an important role in healthy insulin signaling and overall insulin function.*

Directions: Take three tablets daily or as directed by your healthcare practitioner.

This product is non-GMO, gluten free, and vegetarian.

Caution: Do not use if pregnant, nursing, or taking anticoagulants. If taking other medication, consult your healthcare practitioner before use. Keep out of the reach of children.

Storage: Keep tightly closed in a cool, dry place.
