

X001H3N1LF

US1.5

Suggested Use: One 3 capsule serving per day of MagEnhance before bed.

Individuals with more serious requirements may benefit from up to 1 serving twice a day (6 capsules), but please do not exceed this. This would also include people looking to access the full learning and memory enhancement ability of Magnesium-L-Threonate and Magnesium Glycinate.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

To avoid any side effects please start with 1 capsule per day and increase when well tolerated. If you experience any side effects please stick at that dose for a few days, then if they don't subside please reduce the dose.

Because Magnesium-L-Threonate is specifically designed to increase levels of magnesium in the brain it can cause mild headaches during the first week or 2 of supplementation.

Magtein® is protected under US patents 8,178,118; 8,142,803; 8,163,301; and other pending patents.
