For centuries, nopal (*Opuntia* spp.) the Mexican prickly pear cactus, has been consumed as a source of food and health. Clinical research suggests that nopal helps support healthy glucose balance when consumed with meals as a regular part of a healthy diet. By aiding the cells in absorbing blood sugar for energy, **FULL SPECTRUM™ NOPAL CACTUS** aids the body in energy production and sugar balance.*

Do not use if either tamper-evident seal is broken or missing. Keep out of the reach of children.
