

Suggested Usage: Take 1 capsule 1 to 2 times daily, preferably with food.

Quercetin is a naturally occurring free radical scavenger that supports a balanced immune system response in the face of seasonal immune challenges.* Clinical studies have demonstrated that it can also help to promote normal respiratory function and maintain comfortable breathing.* Quercetin may also help to enhance exercise performance and recovery and alleviate pain due to overexertion.* This quercetin phytosome is encased in a phospholipid sphere to make it up to 20 times more bioavailable than standard quercetin.

***These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.**

Caution: For adults only. Quercetin may interact with a variety of medications; consult physician before using this product if taking prescription drugs. Consult physician if pregnant/nursing or have a medical condition (especially kidney dysfunction). Keep out of reach of children.

This bottle is made from 100% PCR (post-consumer recycled) resin.

CODE 3087 V1
