

Suggested Usage: Take 2 capsules daily as needed, with food.

Niacin (vitamin B-3) is an essential B-complex vitamin. Flush-free niacin contains inositol hexanicotinate, a form of niacin that consists of six molecules of niacin linked to a single inositol molecule. It is slowly broken down in the body to yield free niacin and inositol. This gradual release of niacin allows for true niacin activity without the characteristic niacin flush that many people cannot tolerate.

Caution: For adults only. Consult physician if pregnant/nursing, taking medication, or have a medical condition (liver problems, stomach ulcers, diabetes, gout, etc.). Keep out of reach of children.

Natural color variation may occur in this product.

Store in a cool, dry place after opening.

This bottle is made from 100% PCR (post-consumer recycled) resin.

Serving Size 2 Veg Capsules
Servings Per Container 90

	Amount Per Serving	% Daily Value
Niacin (Vitamin B-3) (from 640 mg of Inositol Hexanicotinate)	500 mg	3125%
Inositol (from 640 mg of Inositol Hexanicotinate)	135 mg	†

† Daily Value not established.

Other ingredients: Rice Flour, Hypromellose (cellulose capsule), Microcrystalline Cellulose, Stearic Acid (vegetable source) and Silicon Dioxide.

Manufactured for NOW FOODS, 395 S. Glen Ellyn Rd.
Bloomingdale, IL 60108, USA nowfoods.com

Made and quality tested in the USA with globally sourced ingredients.

Not manufactured with wheat, gluten, soy, milk, egg, fish, shellfish, tree nut or sesame ingredients. Produced in a GMP facility that processes other ingredients containing these allergens.

Inositol hexanicotinate is a stable, non-flushing source of niacin. This superior source of niacin works to reduce the common "niacin-flush" problems associated with high doses of niacin supplements.
