

**Suggested Usage:** Take 1 capsule daily, preferably on an empty stomach.

Glutathione is a small peptide molecule composed of three amino acids: cysteine, glutamic acid, and glycine. It is produced by every cell of the body, with especially high levels in the liver.\* Glutathione is critical for healthy immune system function, necessary for proper detoxification processes, and supports healthy aging.\* It also plays a critical role in maintaining cellular health by directly neutralizing free radicals, as well as by maintaining the activity of vitamins C and E.\* Milk thistle extract and alpha lipoic acid are included as complementary ingredients.
