

Bee Propolis is a nutrient made by honey bees and is said to stimulate function of a healthy immune system and protect against certain poor health conditions. Propolis extract is said to be an effective help against harmful bacteria. It provides relief/prevention against coughs and colds. Propolis is one of nature's most resourceful substances with a wide range of accepted health benefits.

Directions:

As a dietary supplement, take 1 to 2 capsules, three times daily.

- Do not use if seal on cap is broken.
- Store in a cool dry place.
- Keep out of reach of children.
