#### IS KIA WHATY?

Alright, so we know it is hard to pronounce... but this stuff is the bee's knees! Our Iskiate (IS-kee-ah-tay), is a traditional blend of the finest organic chia seeds and honey, plus some other cool stuff for a NaturalForce twist. This incredibly refreshing drink is inspired by the Tarahumara, a tribe of super athletes who would drink Iskiate during their runs of up to 200 miles on end without stopping. That is running for two days straight... talk about some serious endurance! The power of Iskiate lies in the carbohydrates, omega-3s, and amino acids provided to help prolong physical endurance to a remarkable level. You can talk the talk, now make like the Tarahumara and walk the walk—or should we say RUN THE RUN!\*
