Peas are well known for being a source of highly bioavailable protein. Additionally, peas are not considered one of the major dietary allergens. Collectively, this makes pea protein an ideal source of post-workout nutrition for athletes who may have difficulty supplementing with other types of protein. NOW® Sports Pea Protein is a non-GMO vegetable protein isolate that has 24 grams of easily-digested protein. Each 1 scoop serving typically has over 4,200 mg of branched-chain amino acids, and over 2,000 mg of arginine. NOW® Sports Pea Protein is pure and natural, unflavored, and mixes easily into your favorite beverages.
