

SUGGESTED USAGE: Take 3 capsules daily (men) or 2 capsules daily (women), preferably on an empty stomach, 30 - 60 minutes before bedtime. For best results, avoid taking with dairy or other calcium-containing foods or supplements.

ZMA[®] is a combination of zinc, magnesium and vitamin B-6 designed to maximize absorption and to promote recovery from exercise.* Zinc plays a central role in the regulation of cellular growth and tissue repair, as well as the maintenance of a healthy immune system.* Magnesium is essential for the maintenance of electrolyte balance, energy production and normal neuromuscular function.* Because physical activity can increase the need for these two minerals, ZMA[®] is the ideal supplement to aid in their replenishment.*
