

Reaching and maintaining a healthy weight is not as simple as "calories in, calories out." Unfortunately, when you begin to eat less and move more, your metabolism may actually slow down, thwarting your best efforts to lose weight.

Unlike products that focus on only one part of the equation—calorie burn—Oligolean™ fine-tunes your whole metabolism.* This unique formula blends two clinically researched ingredients: Oligonol®, derived from lychee fruit and green tea, and organic yerba mate, standardized to 8% caffeine. Combined with a healthy diet and exercise, Oligolean can help you:

- Optimize body weight, and abdominal fat* alongside healthy diet and exercise†
- Maintain blood sugar and blood lipids already within the normal range*
- Manage cortisol, a hormone linked to visceral fat*
- Improve energy expenditure & fat metabolism*
- Help control appetite*

*THESE STATEMENTS HAVE NOT BEEN EVALUATED BY THE FOOD & DRUG ADMINISTRATION. THIS PRODUCT IS NOT INTENDED TO DIAGNOSE, TREAT, CURE, OR PREVENT ANY DISEASE.

QUALITY OF LIFE®

HEALTHY
WEIGHT*
