

THE **BODYLOGIX**®

PRE-WORKOUT ADVANTAGE

To ensure the highest quality standards, our production facility is GMP registered and our products are certified by NSF, a world leader in third-party testing.

With clinically studied ingredients, our Natural Pre-Workout delivers performance-driven nutrition by boosting energy and improving mental focus.\*

**CLEAN. TRUST. PERFORMANCE.**

Natural Pre-Workout improves motor coordination, mental focus and temporarily relieves fatigue. Power up your performance.\*

**Warning:** This product is only intended to be consumed by healthy adults 18 years of age or older. Do not take this product with alcohol. Do not use if you are pregnant, breastfeeding, or sensitive to caffeine. Do not use if you are at risk or are being treated for any medical condition including, but not limited to: high or low blood pressure, cardiac arrhythmia, stroke, heart, liver, kidney or thyroid disease, seizure disorder, psychiatric issues, diabetes, beta-alaninemia, or benign prostatic hyperplasia. Consumption with other caffeine-containing products is not recommended. Consult your health care practitioner before using this product if you are taking any prescription or over-the-counter medications. This product may cause a flushing, tingling and/or prickling sensation of the skin. Discontinue use and consult your health care practitioner if you experience any adverse reaction to this product. Do not exceed the recommended serving size or recommended use. Keep out of reach of children. Due to the amount of active ingredients in this product, shake before use to ensure proper ingredient mixture and effectiveness per dose. Do not use if seal is broken or missing. After opening, close lid tightly and store in a cool, dry place away from direct light. Moisture and humidity can cause clumping and discoloration. Contents sold by weight, not volume. See side for typical fill line.

**Recommended use:** Add 1 scoop (8.6 g) to a blender, shaker cup or glass filled with 4-6 oz. of cold water or your favorite beverage. Vary the amount of liquid to achieve your desired flavor and sweetness level. Blend, shake or stir for 20-30 seconds or until powder is dissolved. Consume 20-30 minutes before training. Ensure to drink enough fluid before, during and after exercise. To achieve maximum results, take on an empty stomach.
