TriSorb™ takes daily supplements to a whole new level with our new **Fast Dissolves**. Simply place a fast dissolve tablet on your tongue and feel the tablet disintegrating rapidly, usually in a matter of seconds. With our advanced **TriSorb™ Nutrient Absorption System**, there are no more common absorption problems or partially dissolved capsules and tablets that your body can't use. A full 100% of your dietary supplement goes to work instantly for you. Some regular tablets and caplets can take over 20 minutes to breakdown in the stomach.

TriSorb™ **Fast Dissolves** have been formulated to smoothly melt in your mouth with great tasting flavors and no unpleasant aftertaste. **TriSorb™ Fast Dissolves** are an ideal solution for seniors, and those who have trouble swallowing. Plus, they're perfect for active, busy adults who are traveling and since you don't need water you can take them with you wherever you go.

Try our Entire Line of TriSorb™ Fast Dissolves and Enjoy Good Health!

Vitamin D is one of the most important nutrients for total body health. It is an essential vitamin for supporting your bone health by promoting optimal absorption of calcium and phosphorus.* Vitamin D also helps support your heart and vascular health, weight management, digestion and food absorption, and immune health.*

Vitamin D is produced in your skin by the sun's ultraviolet rays but can be one of the most difficult vitamins to obtain in this manner, especially if your daily sunlight exposure is limited. Every single cell and tissue in your body needs Vitamin D to carry out its many biological functions.* In essence, your entire body needs Vitamin D!*

TriSorb™ Vitamin D Fast Dissolves deliver 2,000 IU of Vitamin D to support bone and immune health in a great tasting orange pineapple flavored tablet with **TriSorb™** technology to help promote fast absorption.*
