

All-natural, live, freeze-dried
lactic acid bacteria and bifidobacteria
450 billion bacteria per packet

Description: VSL#3® is a medical food for the dietary management of Irritable Bowel Syndrome, Ulcerative Colitis and an Ileal Pouch, that must be used under medical supervision.

Directions: Consume as directed by your physician. (Usual adult dosage: 1-2 packets, as needed, up to four times a day). VSL#3® can be mixed into cold water or any cold, non-carbonated beverage and consumed. Packets should be refrigerated at 36-46°F (2-8°C). If stored under refrigeration, the product is guaranteed through "Best if used by" date. VSL#3® can be stored at room temperature for up to 2 weeks without adversely affecting potency.

Ingredients: Lactic acid bacteria and bifidobacteria blend, cornstarch, silicon dioxide.

VSL#3® is Kosher & Halal certified.
