

Creatine is converted to phosphocreatine which is important for short energy bursts such as sprinting and weight lifting. Depletion of phosphocreatine can result in muscular fatigue and fading muscle power.

TAMPER EVIDENT: Do not use this product if imprinted foil seal under cap is broken or missing.

Keep tightly closed. Use before date shown.
Store at room temperature: 59°-86° F (15°-30° C).

KEEP OUT OF REACH OF CHILDREN.

Mfg. in an FDA Registered Facility
using Good Manufacturing Practices (GMPs)

NOTICE: This product is sold by weight and not by volume. You can be assured of proper weight even though some settling of contents may occur during shipping and handling.

CAUTION: Creatine should be avoided by children, adolescents, pregnant women, nursing mothers or anyone at risk for renal disorders such as diabetics.
