

Benfotiamine is a derivative of Vitamin B1, Thiamine. It plays a vital role in energy metabolism including the processing of sugars and carbon skeletons. It also plays a role in neuron communication and activation of the immune system. It may also help support healthy blood sugar levels.

**Suggested Use:** As a dietary supplement take, take 1 serving per day. (2 capsules) For best results take with food.

**Storage:** Store in a cool, dark place. Do not freeze or expose to moisture or heat above room temperature.
