

Suggested Usage: Take 1 capsule daily at bedtime on an empty stomach.

Cartilage is one of the primary connective tissues of the body, providing flexibility and support to joints. Undenatured type II collagen is the principal structural protein in cartilage that is responsible for its tensile strength and toughness.* Derived from chicken sternum cartilage, the UC-II® ingredient is a unique form of collagen with undenatured (native) type II collagen that works with the immune system to support healthy joints.* Human clinical studies have found that supplementing with just one 40 mg capsule of UC-II® per day can help to promote joint comfort, as well as healthy joint function and flexibility.*

***These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.**

Not manufactured with yeast, wheat, gluten, soy, milk, egg, fish, shellfish, tree nut or sesame ingredients. Produced in a GMP facility that processes other ingredients containing these allergens.

Caution: For adults only. Consult physician if pregnant/nursing, taking medication, or have a medical condition. Keep out of reach of children.

This bottle is made from 100% PCR (post-consumer recycled) resin.
