

SUGGESTED USE: As a dietary supplement, mix 1 scoop in a 16-ounce glass of water.

Dr. Berg's Electrolyte Powder provides the perfect balance of electrolytes without sugar and with zero maltodextrin.

WARNING: Consult your physician before using, especially if you have kidney disease, low pulse rate, or hyperkalemia (high blood potassium). One study did show a risk of small-bowel lesions related to the use of oral drug products containing high amounts of potassium chloride; however, our product uses potassium citrate.[†]

CAUTION: Do not exceed recommended dose. Pregnant or nursing mothers, children under the age of 18, and individuals with known medical conditions should consult a physician before using this or any dietary supplement.

[†]These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

Do not remove desiccant from jar as this maintains freshness.
Seal lid firmly after each use.

DO NOT USE IF SAFETY SEAL IS DAMAGED OR MISSING. STORE IN A COOL, DRY PLACE, WITH A LID.
