

RnA ReSet® formulas set a standard for a new way of approaching nutrient-based protocols. We recognize that soil depletion and processed foods actually deplete the body of essential nutrients. Today's consumer requires **Complete Formulas** that meet nature's exacting standards for function and absorption.* We also rely on the intelligent design of our body's biological systems and trust that when the appropriate nutrient building blocks are provided, the body will respond as it is able to support the structure and function of cells, tissues, bones, and/or organs appropriately.*

- 60,000 ppm picometer stabilized ions of magnesium
- Fully absorbed at the cellular level*
- Essential for the health of the whole body*
- Stabilized ions of magnesium bypass the laxative effect*

Cardiovascular

Supplement Facts

Serving size: 1/2 teaspoon (2.5ml)

Servings per container: 96

Amount per serving		% Daily Value
Magnesium (from Magnesium Chloride)	150mg	36%

Other Ingredients: Reverse Osmosis Water

Manufactured for & Distributed by:

New Capstone, Inc.

178 Cayuga Drive, Mooresville, NC 28117

1-888-577-3703

Directions: Do not take undiluted. Place 1/4 tsp (1.25ml) to 1/2 tsp (2.5 ml) in a liter (33.8 oz) of water and consume in one sitting or drink throughout the day. If you are new to the formula take the lesser amount and gradually build up your dose. Do your research and ask your health care provider about increasing your dose. May be taken with or without food. Due to high concentration, natural crystallization can occur. This does not affect the quality of the product.

Concentration: 60,000ppm (parts per million)

Made in the USA with foreign and domestic components.

This is a Completement Formula®
