

RnA ReSet® formulas set a standard for a new way of approaching nutrient-based protocols. We recognize that soil depletion and processed foods actually deplete the body of essential nutrients. Today's consumer requires **Complete Formulas** that meet nature's exacting standards for function and absorption.* We also rely on the intelligent design of our body's biological systems and trust that when the appropriate nutrient building blocks are provided, the body will respond as it is able to support the structure and function of cells, tissues, bones, and/or organs appropriately.*

- Liquid Multi Mineral Electrolyte Solution
- Fully Absorbed at the Cellular Level*
- 12 Minerals for Cellular Function*
- 9 Minerals Support Thyroid and Adrenals*

Other Ingredients: Reverse Osmosis Water

Manufactured for & Distributed by:
New Capstone, Inc., 178 Cayuga Drive
Mooresville, NC 28117 1-888-577-3703

Directions: Do not take undiluted. Place up to one 3/4 teaspoon (3.7ml) serving in a liter (33.8 oz) of water, and consume in one sitting or throughout the day. For optimum results, up to two (3/4 teaspoon) servings may be consumed daily in the same manner. If you are new to this formula, please divide the dose and build up slowly over several days. May be taken with or without food. Due to high concentration, natural crystallization can occur. This does not affect the quality of the product.

Made in the USA with foreign and domestic components
