

Easily Digestible

NutriBiotic® Calcium Magnesium capsules are comprised of essential nutrients calcium and magnesium, which are derived from their naturally occurring compounds. These capsules are formulated to provide 250 mg of calcium and 125 mg of magnesium per serving and are easily digestible and absorbable.

Calcium and magnesium work together to help maintain several critical physiological processes.* Magnesium also helps maintain bone density.* Magnesium helps support a healthy immune system and is needed for many biochemical reactions in the body.* The combined positive effects of calcium and magnesium make them important for the body's overall health.

Suggested Use: As a dietary supplement, take one capsule daily with or without food.
