

Highly Soluble

NutriBiotic® Vitamin C 1000 mg Capsules deliver 100% pharmaceutical grade vitamin C (L-ascorbic acid), an essential nutrient to the body, in a highly soluble form. Vitamin C provides antioxidant protection to the immune system, as well as maintains the health of blood vessels, tissue, cartilage, bones, eyes, and other organ systems.* Vitamin C is also required for the biosynthesis of collagen, L-carnitine, and neurotransmitters.* The combined positive effects of vitamin C make it vital to the body's overall health.

These capsules provide vitamin C in a pure, pre-measured form. This potent, water-soluble nutrient is encapsulated to be convenient, easy-to-swallow, and rapidly dissolving. Capsule contents may be emptied into food or beverages if desired.

Suggested Use: As a dietary supplement, take one capsule daily with or without meals.
