

TROPHIX®

To use the detachable, reusable clip included in every bag of Trophix®, follow the instructions below:

1. Cut off the clip with scissors or snap off by pulling the clip straight up.

2. Fold bag over at least twice and slide clip on the top for a tight lock.

Pro Tip: Clip is reusable for other products such as cereal, snacks, etc.

2lb (907g)

TROPHIX®

Every Trophix® contains a FreshShield™ sachet which removes all oxygen inside the package leaving only inert gases, such as nitrogen. Without oxygen, these inert gases envelop and protect the delicate protein powder and flavoring molecules from oxidation, rancidity, and bacterial growth. Our proteins are unique in their ability to have the same quality and taste from the day of manufacturing to the “best by” date.

syntrax®
TROPHIX®
ULTRA SUSTAINED-RELEASE PROTEIN

Trophix® combines the top four proteins for human nutrition into a beverage product of the highest quality. Not only does it produce better results than stand-alone whey protein beverages, but it mixes instantly and tastes great in both water and milk. Trophix's® unique blend includes the following high quality protein sources that provide important amino acids over an extended period of time:

1. Undenatured, rBST-free, grass-fed whey protein...fast-acting protein that optimizes muscle growth by flooding tissues with a surge of amino acids.
2. Undenatured micellar casein...slow-acting protein that prevents muscle breakdown and creates long-term feelings of satiety and fullness.
3. Undenatured egg white protein...medium-acting protein that provides significant quantities of naturally occurring growth factors that promote health and recovery.
4. Glutamine peptides...fast-acting protein that provides large amounts of bioavailable glutamine, the most abundant amino acid in skeletal muscles.

The high-quality, great-tasting proteins in Trophix® mean you'll never have to choke down another disgusting, inferior protein shake again!

* Branched-Chain Amino Acids
* Important Nonessential Amino Acids

INGREDIENTS: Dairy protein blend (micellar casein*, whey protein concentrate*), non-dairy protein blend (glutamine peptides, egg white protein*), chocolate cookie pieces (enriched flour [wheat flour, niacin, reduced iron, thiamin mononitrate, riboflavin, folic acid], sugar, high oleic safflower oil, cocoa [processed with alkali], salt, sodium bicarbonate, chocolate [sugar, chocolate liquor, cocoa butter, anhydrous milk fat, lecithin, vanilla], lecithin, vanillin), natural and artificial flavors, salt, lecithin, acesulfame-K, sucralose.

CONTAINS: Milk, Wheat, Egg, Soy. Produced in a facility that uses peanut products.

* Ultrafiltered and undenatured
* Ultrafiltered and undenatured
* Undenatured

SUGGESTED USE: Based on taste preference, vigorously mix one scoop of Trophix® per 6–10 oz of water or milk for 30–60 seconds. For those with lower protein needs, one half scoop may be consumed with 3–5 oz of water or milk. Note the extra calories when combined with milk. Consume Trophix® two to three times per day to satisfy your protein requirements. Remember, the best times for consuming protein are immediately upon rising in the morning, after intense physical activity, such as weight training, and prior to sleep. Trophix® mixes instantly with a spoon and tastes great...**GUARANTEED!**

Notice: Use this product as a food supplement only. Do not use for weight reduction.
