† Daily Value (DV) not established.

Ingredients: Purified Water, ConcenTrace®, Ferrous Sulfate, Citric Acid and less than 0.1 % Potassium Benzoate. Vegetarian formula—contains no animal products. This product also contains a full spectrum of 72 naturally occurring minerals and trace minerals from ConcenTrace®, as found in the Great Salt Lake, an inland sea.

Suggested Use: Using the Opti-Dose pre-measured dropper, take 1.25 milliliters (equivalent to 1/4 teaspoon) daily. Do not refrigerate. Shake before use. Keep out of reach of children.

Ingredient sources are listed in approximate descending order.

New from Trace Minerals Research! Liquid Ionic Iron is a rich, concentrated liquid dietary supplement that provides iron in ionic form—the form most widely recognized by the body.* Our proprietary process ensures maximum absorption, while the balanced liquid form provides safety and flexibility.

Iron is an essential mineral for optimal health. Research indicates that it plays an important role in proper enzyme and cognitive function, energy production and optimal immune system maintenance.*

Licensed for sale only within the United States.

ConcenTrace® is a trade name for concentrated sea minerals from the Great Salt Lake.
