Alka-Line Supplements

New Improved Formula!

A Revolution in Weight Reduction and Dietary Supplementation

Alka-Slim® is the only weight reducing, health enhancing product specifically designed to alkalize and energize at the same time!

Two scoops contain only 98 calories; fruit juices add approximately 100 calories.

Directions: For normal weight loss, substitute two meals a day with Alka-Slim® and eat a sensible low-fat third meal. When maintaining your weight, substitute only one meal a day. Use two level scoops (scoop enclosed) of Alka-Slim® powder with approximately 8-10 oz. of unsweetened fresh or bottled fruit juice for each drink (Dilute with water to desired taste). Vigorously stir in half of the juice, then add the rest and stir again. For delicious fruit shakes, blend with fresh fruit and ice cubes. Juices recommended for use with Alka-Slim® are apple cider or juice, pineapple, orange, berry (all kinds). When you get hungry between meals, go ahead and enjoy a snack such as fruit or vegetables. Remember also to exercise and drink plenty of water daily. Avoid caffeine and alcohol.

Note: Product filled by weight, contents may settle during shipping. Shake well before opening each time.
