

PURE FORSKOLIN EXTRACT aids in weight loss by activating mechanisms in the body that help burn fat and suppress appetite. It also provides a variety of cardiovascular and other health benefits. It has been used safely by athletes and dieters as part of a complete diet and exercise program.*

Suggested Use: For dieting, we offer two recommendations based on individual weight loss goals. When initially beginning, we recommend starting with the Standard Diet Dosage and moving up to Maximum Diet Dosage only if needed to obtain your weight loss goals.

Standard Diet Dose: Take one capsule twice daily 20-30 minutes before a meal with an 8 oz glass of water, or as directed by your physician.

Maximum Diet Dosage: Take two capsules twice daily 20-30 minutes before a meal with an 8 oz glass of water, or as directed by your physician.

Warning: Not intended for use by persons under the age of 18. If you have any medical condition or are taking any medication, consult a medical professional prior to use. To report any adverse effect, call 1-800-332-1088
