Elite Green Protein™ starts with a potent, hard-core, plant-based protein blend of freshwater algae, moringa, and mesquite pod. Paired with organic, alkaline-rich grasses, nopal cactus, and a vegan enzyme blend takes this formula to the next level and increases the broad spectrum of nutritional support. Finally, we add our custom performance enhancement activators: a blend of ashwagandha root, cordyceps mushroom extract, milk thistle seed extract, eleuthero extract, and schisandra berry extract. These powerful herbal extracts and adaptogens promote peak performance and endurance as well as rapid recovery from workout stress.* For those ready to take vegan protein to the next level, this one is for you!

"A true warrior is kind (to others – even kind to non-warriors, kind to animals, and kind to the earth), unselfish, caring, and lives consciously by a code of ethics/honor such as Bushido (samurai) or chivalry (knights), yet at the same time is completely willing to stand up for those who need it and unleash a fury of appropriate force should battle be required. A true warrior is conscious of all the choices made in life and is open-minded. The world needs more true warriors. Are you a true warrior? If not, I invite you to become one!"
