

MycoForce™ contains hot water extracts of wood-grown mushroom fruiting bodies specifically chosen for their purity, strength, and wellness-supporting properties.* For the last 5,000 years, medicinal mushrooms have been the centerpiece of tonic immune support in Traditional Chinese Medicine.* We are proud to offer a unique, full-spectrum mushroom complex that utilizes cutting-edge modern technologies and ancient, time-honored cultivation and extraction techniques. No grain fillers. 100% mushroom extracts.

Contains 20%+ 1,3-1,6 beta-glucans. Each mushroom has a different beta-glucan branching activity, and by combining these different profiles, we produce a more complex and ultimately effective product for daily wellness and immune support.* MycoForce also helps the body adapt to stress for thriving in the modern world.*
