Phillips' colon health®

daily probiotic

A HEALTHY
COLON MEANS A
HEALTHIER YOU

The colon (large intestine) is critical to digestive health. It is the "hub" for good bacteria in your gut, where most of the bacteria actually live.

DID YOU KNOW?

- Diet, travel, and stress can upset the balance of good bacteria in your gut.
- Digestive issues can start in the colon and may be signs of an imbalance of good bacteria
- About 70% of your immune system is found in your intestines, including your colon

Taking Phillips' Colon Health Probiotic daily helps replenish good bacteria and supports digestive and immune health*, with a special combination of selected probiotics:

- *Lactobacillus rhamnosus* (LGG®)
- *Bifidobacterium* (BB-12®)

Phillips' Colon Health features
4-in-1 Symptom Defense
against these occasional
digestive issues:*

- Gas
- Bloating
- Constipation
- Diarrhea
