

30% INCREASE

IN MUSCLE STRENGTH IN JUST 8 WEEKS*

PERCENT CHANGE

* An 8-week, randomized, double-blind, placebo-controlled study of 33 healthy men compared the effectiveness of this proprietary module of whey protein and leucine vs. an isocaloric carbohydrate placebo consumed before and after resistance training. Subjects consuming the leucine-whey protein supplement experienced greater increases in muscle strength than those on the placebo. Leucine-whey protein supplementation also increased muscle cross-sectional area from baseline.
* When used in conjunction with an exercise program.
* In an 8-week, randomized, double-blind, placebo-controlled study of 39 healthy male volunteers comparing 1 set resistance training (RT) + active or carbohydrate placebo to 2 sets RT alone with no supplement, the active group showed equal gains in maximal muscle strength and muscle endurance compared to the control group.

SUPERIOR PERFORMANCE PROTEIN
Enhanced with More LEUCINE than Standard Whey Protein
Elevated Muscle Fuel for Muscle Growth & Recovery^*
Features Only Premium, Ultra-Pure, Fast-Digesting Protein
Only Whey Hydrolysates and a Clinical Core of Whey Isolate & Leucine to Improve Strength**
Enhanced with VELOSITOL® (Amylopectin/Chromium Complex) & Leucine
To Accelerate Muscle Protein Synthesis^*
USAGE BENEFITS
For Pre-Workout & Cardio
Clinically Proven Support for Strength, Performance & Stamina***
For Post-Workout & Cardio
Provides Fast-Digesting Whey Isolate & Hydrolysates Plus Leucine to Fuel Muscle & Support Recovery^*
On Non-Training Days & Between Meals
Provides High-Quality Protein & Critical Amino Acids to Fuel Muscles while you Recover from Intense Training^*
If it's on our labels, then it's in our bottles. Full dosing, full transparency and no proprietary blends. Clinically studied ingredients backed by real science. The most effective and premium performance protein available. Train harder.
◇ EAA = essential amino acids
