

MILLECOR REHAB

One scoop of our Fast-Digesting Carb Recovery Drink provides 24 grams of carbohydrates from dextrose and glucose polymers (maltodextrin). These help maximize recovery by replenishing important glycogen stores after an intense workout.*

Our Electrolyte Blend consists of Sodium, Potassium, Magnesium and Calcium to deliver targeted hydration faster and better than

DIRECTIONS: Mix one scoop (27 g) with 8 oz of cold water. Best taken before training or post workout for recovery.

WARNING: If you have any health conditions, are pregnant, breastfeeding, or taking medication, ask a healthcare professional prior to use.
