Delight in the refreshing cool of our collagen builder! Poor diets and stress deplete our collagen storehouse making replenishment vital. A majority of collagen supplements come from the bones, skin, and connective tissue of animals, including cattle and fish. Why ingest animal-derived collagen when your body is designed to generate its own? Sunwarrior offers the plant-based solution, tailored to boost your body's inherent collagen production. It's our inside-out approach with the creamy, minty twist of peppermint bark!
