

Endothil®

PREWORKOUT POWDER

Musculogenic Cell Recruiter*

During an independent, double-blind, 6-week bodybuilding study on 31 fit males, the functional compound in Endothil-CR significantly increased upper and lower body strength after concentrated exercise (as measured by the amount of weight participants could bench press and leg press). Biceps circumference also increased significantly over the placebo group, who were on the same bodybuilding program.*

This discovery led to Endothil-CR... a unique and proven method for muscle size and strength beyond what is acquired through the normal recruitment and differentiation of progenitor muscle cells.* Finally, a way to assist your bodybuilding program for muscle and strength without steroids or steroid-like precursors.

Cocoa (Theobroma cacao L.) (seed) Extract		†

† Percent Daily Values are based on a 2,000 calorie diet.
‡ Daily Value not established.

Other Ingredients: Maltodextrin, Malic Acid, Natural & Artificial Flavors, Silica, Sucralose, FD&C Red No. 40.

DIRECTIONS FOR USE: Mix 1 rounded scoop with 4 fl. oz. of water and consume the entire serving 30 minutes before workout.

CAUTION: Do not exceed a single scoop for the first 5 days. After your body has become acclimated to the power of Endothil, you may increase the serving by ½ a scoop per day until you reach a maximum serving of two scoops. The clinical trial on Endothil's key ingredient was conducted using the precise amount in the recommended one-scoop serving. However, you may find your body responds most ideally to a 1.5 or 2 scoop serving. **UNDER NO CIRCUMSTANCES SHOULD YOU EXCEED 2 SCOOPS OF ENDOTHIL IN ANY 24-HOUR PERIOD.** Exceeding the maximum 2-scoop serving may result in undesirable effects.

*Licensed under United States Patent Number 8067381.

WARNING: Do not exceed suggested daily serving. This product contains a potent xanthine (i.e., caffeine), of about 235 mg per one serving. Consult your physician before using if you are taking caffeine-containing medications or if you are sensitive to stimulants. People sensitive to Niacin (Nicotinic Acid) may experience flushing of the skin that is generally mild and transient. Do not use if pregnant or nursing. Not for use by individuals under the age of 18 years. **Keep out of reach of children. Use only as directed.** Do not purchase if seal is broken.

Consult a physician or licensed qualified health-care professional before using this product if you have, or have a family history of the following conditions: high blood pressure, cardiovascular disease, thyroid disease, seizure disorder, diabetes, recurrent headaches, depression or other psychiatric condition. Read the label and follow directions. Discontinue use and call a physician or licensed health-care professional immediately if you experience rapid heartbeat, dizziness, severe headache, shortness of breath, or other similar symptoms. Consumption in excess of the recommended serving, or consumption of a serving at a more frequent interval than recommended may cause serious adverse health effects.

Individual results will vary.
If you or your health-care provider have any questions, please call: 1-800-898-5153.
