Contains shellfish (mussel).

Xtend-Life™ Green Lipped Mussel Powder is a natural product from selected mussels cultured in the pristine waters of the Marlborough Sounds, in New Zealand. To ensure optimal benefits, these unique mussels are processed at low temperatures while fresh to ensure that all of the valuable fractions of the mussels are preserved. The Green Lipped Mussel (*Perna canaliculus*) is a species found nowhere else in the world. An environmental focus and strict regulations enable us to deliver a product of exceptional quality.
